Explain the difference between saving and spending. Saving means that you keep your money instead of spending it. If you save your money, you can spend it later.

Draw a picture of a need in this box. Picture could include shelter, food, clothing, school supplies, etc.

Explain an economic choice you have made. Give an example of saving vs. spending.

(answers will vary) I wanted a new doll but I did not have enough money.

I did more chores to earn more money. I saved up so I could buy the doll.

### Culminating Unit Performance Task

**Living Poster Project**

Students will create a living poster about Jimmy Carter or Juliette Gordon Low. Students should include at least five major events in Low or Carter’s life, what they are most famous for, and the character traits that describe the figure. The poster will have a hole in the middle for the student to put his/her head in so they can be the “face” of the figure. You could also encourage students to dress up as Carter or Low when they present their posters to the class.

Students could work independently or with a partner on this activity. Provide them with the directions and rubric listed below to guide student work and make them aware of your expectations. In addition, send home a copy of the attached rubric so students and parents know the guidelines as they work at home.
